

Preparing students for life beyond the classroom

Accredited by NCASES and Middle States Association

May 11, 2020

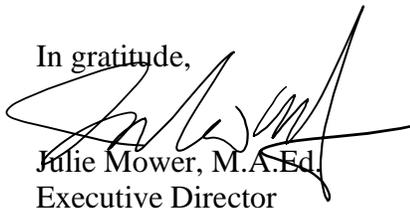

Dear Parents/Guardians,

It is amazing for me to say that we are embarking on our 34th virtual school day! I hope it finds you and your family safe and healthy. As you know, Governor Murphy declared that all NJ schools will finish their school year virtually. This proclamation brings a mixture of emotions, but most especially, a feeling of longing to see you all face to face again and to have our classrooms and hallways filled with the typical chatter, laughter and hustle-bustle we are so accustomed to hearing every day. I want to thank you for your partnership and tenacity in working with us in the virtual education of your children. Together, we have done amazing things – we have leaned on each other to ensure the students receive the best level of instruction and services possible during this unprecedented time.

As a school, we are now tasked with planning a virtual end of the school year. Our last official day of school is Friday, June 19th. Plans for a virtual Graduation ceremony is in process and if you have a child who is graduating, more information will be forthcoming. We want to be sure to celebrate our class of 2020 the best way we can! We are also looking ahead to our Extended School Year program in July. If you have not already replied to the ESY survey that Katie sent out, please do so as soon as you can. We are awaiting guidance from Governor Murphy and the NJ Department of Education in regards to making a determination if ESY will be virtual or in the building. We will send you information on the status of ESY as soon as we can.

We are grateful for partnering with you in the education of your children and look forward to seeing you all again soon. Until next time, stay safe and healthy!

In gratitude,

Julie Mower, M.A.Ed.
Executive Director
